Add below URL to your webpage header section in-between `<head> ... </head>` section.

```
<link rel="stylesheet" href="https://cdnjs.cloudflare.com/ajax/libs/font-awesome/5.9.0/css/all.css">
```

Copy the Code from below table to display the icons of your choice in your webpage. Let's say you want to include Facebook icon. Just add the following code `<i class="fab fa-facebook"></i>` to your HTML section.

Note: The `fa` prefix has been deprecated in version 5. The new default is the `fas` for solid style and the `fab` style is for brands.
